Dräger PAS Filter Series

Product code: 3359915 · Series: Dräger PAS

The Dräger PAS Filter Series are filter units that clean air from an existing high-pressure network for breathing. Activated carbon and particle filters remove liquid and solid particles, humidity, oil droplets and odours. Wall-mounted and three-legged portable versions are available; the line pressure is set with a key and shown on a gauge. Each unit supplies up to three or five users.

- 01 Cleans network air for breathing
- 02 Activated carbon and particle filters included
- 03 Wall-mounted or portable version
- 04 Key-adjusted pressure with gauge
- 05 3 users (760 L/min) or 5 users (1,080 L/min)
- 06 Optional pre-filter for heavy soiling
