

KWIKDRAW · DETECTOR TUBES AND PUMPS · TUBE PUMP

KwikDraw Tube Pumps and Accessories

Product code: D5146762 · Series: KwikDraw Tube Pumps

KwikDraw pumps are used with KwikDraw detector tubes. The KwikDraw Deluxe is a one-hand bellows pump drawing 100 ml per stroke, with an automatic stroke counter and end-of-stroke indicator. The Gas Tester II H indicator changes colour when 100 ml has been drawn. The Gas Tester I is a simple pump with a manual stroke counter; the Toximeter III lets the user preset the number of strokes. Sampling lines and accessories are available.

- 01 100 ml sample per stroke (Deluxe)
- 02 Automatic stroke counter and end-of-stroke indicator
- 03 Toximeter III: preset number of strokes
- 04 For the entire range of KwikDraw detector tubes
