

Dräger X-plore Rd40 Filters

Product code: 6738863 · Series: Dräger X-plore Rd40

Dräger X-plore Rd40 is a filter range with a standard Rd40 thread connection to EN 148-1, for use with half and full face masks with an Rd40 thread. It cleans ambient air of harmful substances economically and effectively in production processes, factories, disinfection, agriculture, cleaning and similar work. The range offers different filter types against many hazardous substances, from phosphine to tear gas to fine dust. Filters are packed individually in resealable packaging. The aluminium housing makes damage to the filter easy to notice. Shelf life from the production date is 6 years for gas and combination filters and 12 years for particle filters. All filters are CE marked to EN 14387 and/or EN 143:2000. The range includes 18 types: the 1140 range (including P3 combination types and types with NO and CO 20), the 940 range (including P2 combination types) and an M45x3-thread A2B2E2K2 Hg P3 R D. Filter choice depends on the substance.
